Subscriber News: 2019/Q1

Due to increased operating costs (state minimum wage and tower site rent) across the board this year the rates on our two entry level plans will go up by \$5.00/month beginning 4/5/2019.

Our \$59.99/Business Deluxe Plan will now cost \$64.99/month and our Residential Value (Flat Rate) plan will now cost \$74.99/month. Rates have already gone up, but we're giving you a \$5.00/month credit thru 4/5/2019.

The Residential Deluxe Plan that was \$59.99/month, with speeds up to 10 Mbps Download and 1 Mbps up now has up to 2 Mbps Upload speed!!

We have 50 plus wireless rate plans currently and have begun the process of consolidating rate plans. Some rate plans have few subscribers, or no subscribers left. We have done away with our Residential Gold Plan with 150 GiB Data Cap at \$89.99/month and merged it into our Residential Gold Plan with a 200 GiB Data Cap for \$99.99/month.

Our current Residential Rates can be found on our web page at:

Our current Business Rates can be found on our web page at:

Lastly, we have a few small neighborhood hotspots where we pay a premium to the property owner to be there. Your services with us before regulatory or surcharges are added must be at least \$74.99/month.

Kind Regards;

Bob Pensworth, GM
